Always there to Care

# DRAYCOTT NURSING

The Professionals in Nursing and Care

## WHAT WE DO

Draycott Nursing prides itself as being the most forward-thinking, discreet and professional service provider in the nursing and care industry.

We offer a full range of state of the art services in the UK and internationally, providing the most proficient care throughout adult life on a short term or long term basis.

## HOW WE DO IT

Each client is personally visited by our Nurse Liaison officer to determine the exact requirements of the individual and develop integrated care advice. Our approach takes into account physical, emotional and spiritual aspects. This makes sure we precisely match carer to client needs. The specific arrangements are finalised in close consultation with the client, their family and doctors.

All our nurses and carers are selected with the most stringent of criteria, covering personal as well as professional qualities. Each individual is fully supported and monitored during their placements, and Care Managers are available to deal with emergencies 24-hours a day.

## SPECTRUM OF SERVICES

Draycott Nursing, founded by Angela Hamlin in 1996, is recognised as the innovative market leader in nursing, domiciliary, social and personal care. Our own state registered nurses and experienced carers are trained to meet the very highest professional and personal standards, combining discretion, understanding and integrity. The Commission for Social Care Inspection commends our training as exceeding the national average.

## NURSING

- Post-operative support and care from clinically trained nurses including IV therapies, ECG's and blood sampling
- Wound dressings and injections
- Rehabilitation
- Terminal illness and Palliative care
- Proactive and innovative dietary and nutritional advice
- Proactive organisation of home visits from occupational therapists, physiotherapists, chiropodists, dentists, complementary therapists
- Advice on equipment and home adaptations
- Research nurses.

## HOME CARE

- Bespoke care from 1 hour to 24-hours
- Providers of both live-in and live-out care
- Care for adults with all conditions
- Assistance with bathing, dressing and personal care
- Day to day running of personal affairs including bill paying, banking and shopping for the home

- Care of pets and light household tasks
- Accompanying clients to Doctor appointments, hairdressers, Church, family visits or trips to the theatre
- Carers are equipped with literature on caring for different needs, including the Draycott Nursing 'Carers Cookbook' to provide appetising balanced meals
- Regular follow-up calls to our clients to ensure satisfaction with ongoing care and support.

## OTHER

- Care provision in hotels, hospices, nursing homes and for those requiring respite care
- Holiday companionship, nursing and caring within the UK and internationally with multilingual staff
- Post plastic surgery support
- Sports injury rehabilitation, mobility care and Personal Training
- Massage and therapeutic services.

## STAFF TRAINING

- Draycott Nursing is unique in employing a Clinical Nurse Manager/Tutor to continually assess performance and training to ensure the highest standards of practice
- Mandatory training is supplemented by additional courses that cover for example; listening skills, camouflage make-up, conflict management, dementia care
- On-going training in the latest methods and technologies to meet clinical and medical needs at home.

“My personal vision for Draycott Nursing is to deliver the ultimate in patient care with the most qualified Nurses and Carers who are passionate about their roles, and who have the essential personal attributes to suit our individual clients.

Our success over the past ten years has been possible due to the exceptional training and support provided to staff, maintaining the exacting high standards of care that I have demanded during my 30 plus years in nursing; and the 150 years of collective experience in our management team.

I strongly believe that education, as well as personality, are central to providing professional care and nursing at home. Our approach will continue our unprecedented success into the future.”

**Angela Hamlin**  
**Founder and Managing Director**  
Former Deputy Matron of King Edward VII's  
Hospital for Officers.

## IN THE WORDS OF OUR CLIENTS

“...I feel I should also thank you for giving me a much better and happier way of life. I hardly ever feel I've gone past my sell-by date now.”

(International female client)

“Draycott Nursing is the most wonderful work environment I have ever experienced. Everything I learned via Draycott is adding to my life experience.”

(A former carer)

“The rehabilitation and fitness training given to me following a skiing accident allowed me to get back to work much quicker than my Doctor anticipated.”

(Young male client, financial sector)
