

“Who Cares? Everyone Here Cares!”

(Angela Hamlin founder of Draycott Nursing)

Draycott Nursing & Care www.draycottnursing.co.uk is the UK's leading nursing and caring agency. Not only are they innovators in the world of healthcare, but they are also known as the number one agency for their utmost discretion and forward-thinking. Started by Angela Hamlin in 1996, they provide care for clients with chronic health conditions, rehabilitation or respite care all in the comfort and privacy of their own homes.

From July 2009, Draycott Nursing & Care will be offering a unique service to all relatives who find themselves in the role of carer. This is *Relatives Lifeline* which gives regular FREE support and advice. Angela Hamlin commented: "We decided to offer this service because of all the feedback that we had. There are so many relatives who feel frustrated by their lack of knowledge and who need professional support. We just want to offer a little lifeline". *Relatives Lifeline* will be offering afternoon 'drop-ins' once a month. These afternoons will consist of talks and demonstrations covering many aspects such as: Well-being, nutrition, turning/lifting as well as dealing with the clients' frustrations.

Draycott Nursing & Care is ISO registered and recognised as the market leader for their teaching and educational support in healthcare. They are also regarded as the number one nursing agency with their exceptionally high quality clinical standards. Angela Hamlin stated "we must be doing something right; families who have had relatives cared for by Draycott Nursing & Care return to us when other members of their families need care and support". Angela went on to add "all my nurses and carers are hand picked and each one has our belief and passion for what we do". With over 100 nurses and carers on staff, Draycott Nursing & Care has their own full time in-house nurse/tutor, Sharron Robertson, who together with Angela Hamlin personally oversees all the educational training.

Notes to Editors

Angela Hamlin is also the Founder of The Draycott Group which is the umbrella company for Draycott Nursing & Care, Draycott Homeshare, Draycott Education Centre and Draycott Living.

Angela is no stranger to the world of nursing and during her distinguished career in healthcare she has held the position of Deputy Matron of the King Edward VII's Hospital for Officers. Her current team at Draycott Nursing & Care includes registered nurses from leading teaching hospitals and trained carers for home care and light domestic tasks.

In 2006, Angela's efforts gained public recognition when she was short listed for the NatWest Everywoman Business Award.
